3. No student will be admitted or continue enrollment who has had out-of-school suspensions, tribunals, arrests, or a criminal record.

4. In order for a student to continue enrollment, the program services already in place at the school in which the student is enrolled must be sufficient to meet a student’s educational needs. Glynn County Schools must be able to accommodate the applicant without placing undue financial burden on the school system or overcrowding classrooms.

10. The Superintendent has the right to refuse admittance or revoke enrollment of any applicant.

11. When moving to another school in the district, students will be evaluated with the above criteria for continued enrollment. If approval for enrollment is granted, student may have to attend a different school than requested based on available space. Principals will have final approval about school transfers.

GHSA: As governed by the Georgia High School Association (GHSA) By-Laws, a student who has not yet established eligibility at a member high school will be eligible to play varsity competition for the first year of enrollment. If an out-of-county student transfers to a Glynn County School after having established eligibility by enrolling in another GHSA member school, then he/she will not be eligible to play in varsity competition for a full year. Unless there is a bona fide move, if after having established eligibility, a student then transfers to a different school, then he/she will not be eligible to play in varsity competition for a full year from the date of the transfer. Please see GHSA guidelines for further information.
